

# Advanced Number Conversion and Binary Arithmetic Practice (Worded Version)

## ■ Advanced Number Conversion Practice (30 Questions)

1. Convert binary number 110110101 to decimal.
2. Convert decimal number 987 to binary.
3. Convert hexadecimal number 3A7 to decimal.
4. Convert binary number 10011011101 to hexadecimal.
5. Convert octal number 765 to binary.
6. Convert binary number 111011101101 to octal.
7. Convert hexadecimal number 1F4 to binary.
8. Convert binary number 101110010 to hexadecimal.
9. Convert decimal number 2047 to binary.
10. Convert binary number 11111010011 to decimal.
11. Convert hexadecimal number 4B2 to octal.
12. Convert octal number 777 to hexadecimal.
13. Convert binary number 111000111011 to decimal.
14. Convert octal number 320 to binary.
15. Convert decimal number 4095 to hexadecimal.
16. Convert hexadecimal number 2A3F to binary.
17. Convert binary number 100000000 to octal.
18. Convert octal number 377 to binary.
19. Convert hexadecimal number 7D to decimal.
20. Convert binary number 100110101110 to octal.
21. Convert decimal number 555 to hexadecimal.
22. Convert hexadecimal number 1E240 to decimal.
23. Convert binary number 111111111111 to hexadecimal.
24. Convert decimal number 1023 to octal.
25. Convert binary number 101010101 to decimal.
26. Convert hexadecimal number 3F2 to binary.
27. Convert octal number 12345 to decimal.
28. Convert binary number 100110010011 to hexadecimal.
29. Convert hexadecimal number ABCD to binary.
30. Convert decimal number 999 to hexadecimal.

## ■ Binary Addition Practice (5 Problems)

31. Add binary numbers 1011 and 1101.
32. Add binary numbers 11101 and 10110.
33. Add binary numbers 100111 and 111001.
34. Add binary numbers 110011 and 1001.
35. Add binary numbers 1010101 and 110110.

## ■ Binary Subtraction Practice (5 Problems)

36. Subtract binary number 1011 from 11010.
37. Subtract binary number 1101 from 101101.
38. Subtract binary number 101011 from 111000.
39. Subtract binary number 1111 from 100000.
40. Subtract binary number 101010 from 1100111.
